

St Luke's Academy Eco-Committee

Current Status – 'Bronze Award'

'Don't lose it, re-use it'

Target Areas:

- ✓ Healthy living (snack and lunch options)
- ✓ Litter (around school, on the playgrounds)
- ✓ Water (water waste)

Our Current Achievements:

- Encouraged classes to use their afternoon brain-break time on the 'Golden Mile'
- Reminded everyone in school about healthy snack options and created posters to support this
- Designated ourselves as a registered drop-off point for crisp packet recycling
- Set up a recycling stationary initiative
- Organised and led several whole school assemblies
- Created an eco-code
- Created a litter-picking team, and with this created a rota
- Located a water butt, and taken the initiative to use this to deposit waste water into from the water fountains
- Created a designated eco-board and kept minutes from our meetings
