

Rights of the child theme:

Food and Health

How do I keep my mind and body healthy?

English In Literacy, our texts will be George's Marvellous Medicine and Madame Pamplemousse and Her Incredible Editable. The children will continue to practice and improve their grammar skills, be writing their own poetry as well as recipes.	Geography/History The children will reflect on their health and wellbeing when making choices e.g. How do we travel to school? Using information to reflect on and looking at the local area, Children will consider how they could influence others to make effective choices for a healthier lifestyle by planning a route map around the local area as a way of encouraging people to use their local environment (walk to school initiative).	Art/ DT DT- Food healthy and varied Using our knowledge and understanding of healthy eating our Design, Make and Evaluate assignment will involve preparing and combining ingredients to make an appealing product for a particular user and purpose.	Enrichment Science Week Workshop
Maths This half-term we will be comparing and ordering fractions and understanding terms such denominator and numerator. We will then move on to measuring and comparing; mass, capacity and volume. KIRF: I know the 8 x tables (+ and ÷)	PE <u>Double - Tag rugby</u> Children have the opportunity to develop attacking and defending skills and learn when to use them; they use running, jumping, throwing and catching in isolation and in combination.	Music We will develop our instrumental skills on the recorder, learning how to play new notes and learning to create a controlled sound. We will develop our singing and performance technique as we prepare for our Easter show!	Computing <u>Programming - Scratch</u> We will build on our use and knowledge of using the 'ScratchJr' application in Year 2. We will progress to using the more advanced computer-based application called 'Scratch', learning to use repetition or 'loops' and building upon skills to program; an animation and a game. <u>Online Safety</u> - Rules of Social Media We will understand the importance of rules for social media platforms.
Science	RE	PSHE	French

<p><u>Animals including Humans</u></p> <p>We will look at identifying that animals, including humans, need the right types and amount of nutrition, and that they cannot make their own food; they get nutrition from what they eat. Children will identify that humans and some other animals have skeletons and muscles for support, protection and movement.</p>	<p><u>Why do Christians call the day Jesus died 'Good Friday?' Salvation</u></p> <p>Children will look at Holy Week and consider why Christians believe it is the most important part of Jesus' life. We will talk about the meaning of Salvation and Easter being a festival that celebrates Jesus' resurrection.</p>	<p><u>My Body: balancing fuel & fitness?</u></p> <p>Why should we keep active and sleep well? Why should we eat well and look after our teeth?</p> <p>Kapow Units: Health and wellbeing</p>	<p><u>Rigalo 1 Unit 4: Les Animaux</u></p> <p>Children will identify animal and pets. Learn number 11-20. Say someone's name and be able to describe them (3rd person)</p>
